

## **SPECIFICATION AMENDMENTS**

Please amend the specification as follows:

Substitute the paragraph beginning at page 7 line 4, with the following:

Computer system 102 can include a variety of computer readable media identified as communication media. Communication media typically embodies computer readable instructions, data structures, program modules, or other data in a ~~modulated data signal~~ such as a carrier wave or other transport mechanism and includes any an information delivery media. ~~The term “modulated data signal” means a signal that has one or more of its characteristics set or changed in such a manner as to encode information in the signal.~~ By way of example, and not limitation, communication media includes wired media such as a wired network or direct-wired connection, ~~and wireless media such as acoustic, RF, infrared, and other wireless media.~~ Combinations of any wireless media such as acoustic, RF, infrared, and other wireless media with any of the above are also included within the scope of computer readable media.
